

Programming Languages (04138)
Computer Science (07276-A)
Foundations of Informatics T-1 (28004)
Foundations of Informatics and Laboratory (28623)
Foundations of Informatics T (29227, 29227-A)
Computer Programming (37262)
Virtual System Design (37925)
Logic for Computer Science (66857)
Complements of Programming Languages (72671)
Software Systems Engineering M (72939)
Computational Models And Languages M (72940)
Languages, Compilers and Computational Models (81609)
Elements of Informatics (89988)
Natural Language Processing (91258-B)
Foundations of Computer Science T (93034)
Design of Web Applications T (94442)
Software Engineering (95627)
Virtualized Systems (95646)
Virtualization and System Integration (96642)
Cyber-Physical Systems Programming M (99195)
Software Process Engineering (B0011)
Introduction to Languages for Artificial Intelligence (B5727)
SISTEMI CONCORRENTI E PARALLELI M (B8562)

Programming Languages and Compilers
